

Dear Parents

Anjo City Board of Education

南海トラフ地震臨時情報発表時の対応について

Regarding responses when emergency information on the Nankai Trough is issued

We would like to express our sincere gratitude for your continued understanding and cooperation with Anjo City's educational activities. If an emergency notice of Nankai Trough earthquake is issued, the school will respond as follows. We appreciate your understanding and cooperation.

Note

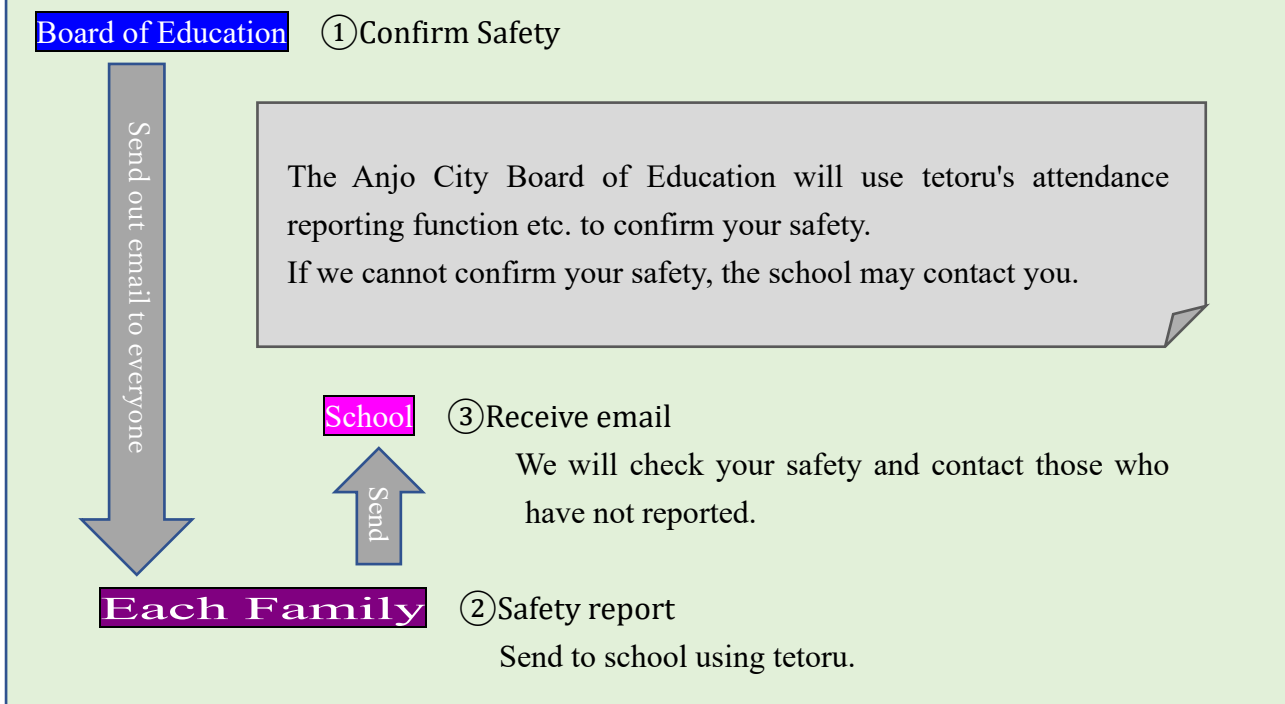

- 1 Responses when emergency information on a Nankai Trough earthquake is issued
 - (1) When the Japan Meteorological Agency issues a "Nankai Trough Earthquake Emergency Information (under observation)" (when evacuation based on the warning is not required)
 - Educational activities will be carried out as usual.
 - Actions stated on number (2) [below] will be based on the information from the Japan Meteorological Agency.
 - (2) When the Japan Meteorological Agency issues an "Emergency Information on the Nankai Trough Earthquake" (Evacuation based on the warning is not required)
 - ① In the case of "Nankai Trough Earthquake Emergency Information (Major Earthquake Warning)"
 - Educational activities will be carried out as usual.(Prefectural schools will be temporarily closed because the students come from all over the prefecture, so the response will be different from the city's elementary and junior high schools.)
 - Depending on the situation, the school may be temporarily closed.
 - There is a possibility that we will return students home safely, but may ask parents to pick-up their child.
 - If the parents feel that it is dangerous for their child to attend school, it is okay not to let them come (it will be counted as attendance).
 - Events during this period may be postponed or canceled.
 - ② "Nankai Trough Earthquake Emergency Information (Massive Earthquake Alert)"
 - Educational activities will be carried out as usual.
 - There is a possibility that we will return students home safely, but may ask parents to pick-up their child.
 - If the parents feel that it is dangerous for their child to attend school, it is okay not to let them come (it will be counted as attendance).
 - Events during this period may be postponed or canceled.
 - ③ "Nankai Trough Earthquake Emergency Information (Warning lifted)"
 - Educational activities will be carried out as usual.
- 2 Others
 - In the event of temporary school closure due to the issuance of emergency information (Major earthquake warning), safety checks will be conducted by tetoru or Teams etc.
 - For Jido-club, the same measures will be taken as when a gale warning is issued.
 - In the event of an earthquake, we will use tetoru etc. to check on the safety of people.
 - The school may send notifications via tetoru. If you have not yet registered with tetoru, please register.

Responses after the announcement of emergency information on the Nankai Trough Earthquake

※The same response will be taken in the event of a large-scale earthquake, not just a Nankai Trough earthquake.

Nankai Trough Earthquake: When Disaster Strikes

Nankai Trough Earthquake Emergency Information Issued

Major earthquake warning ===== The school will be taking regular classes while keeping in mind the possibility of a major major earthquake. (※1)

Major earthquake alert ===== The school will be taking regular classes while keeping in mind the possibility of a major major earthquake.

Emergency information (warning lifted) == **Educational activities as usual**

※1: The response is different from prefectural schools.
